

Approved on3rd February 2016.....

PROGRAMME SPECIFICATION

1. General information

Awarding body / institution	Leeds Trinity University
Teaching institution	Leeds Trinity University
Professional accreditation body <i>(if applicable)</i>	n/a
Final award <i>(eg. BA Hons)</i>	BA (Hons)
Title of programme(s)	Secondary Physical Education and Sports Development
Subsidiary award(s) <i>(if any)</i>	
In the case of a Scheme of Study, the other Scheme(s) with which it may be combined	n/a
Duration and mode(s) of study	3 years full time
Start date <i>(this version) (month and year)</i>	September 2016
Periodic review next due <i>(acad. Year)</i>	
UCAS course code & code name	
Delivery venue(s)	Leeds Trinity University

2. Aims of the programme

Rationale and general aims
<p>The programme aims to ensure the necessary skills, understanding and experience of issues relating to both community sports development roles and secondary physical education are developed. High quality professional preparation in the field of sports development and secondary physical education aims to enable students to work directly with young people in community sport, extended school services, sports clubs and organisations, or pursue further training for a career in secondary teaching. The student-centred learning experience builds on effective, established partnerships to strengthen the focus on student attainment and graduate employability.</p> <ol style="list-style-type: none"> 1. Develop knowledge, understanding and skills in Secondary Physical Education to prepare for further training for a career in Teaching. 2. Develop knowledge and understanding of young people's development and a critical awareness of the role that physical activity plays in their lives inside school and within the community. 3. Develop knowledge and skills which enable graduates to contribute to current sport and physical activity initiatives in line with policy and guidelines in both Physical Education and Sports Development. 4. Develop professional knowledge and expertise as reflective practitioners through experience in schools and community settings.

5. Develop knowledge and understanding in policy, strategy and planning in Sports Development.
6. Develop knowledge and expertise in the psychosocial aspects of sport.
7. Develop the necessary knowledge, skills and experience to be able to work directly in the field of Sports Development.
8. To enable students to pursue further training for a career in teaching at secondary level.

3. Student learning outcomes of the programme

Learning outcomes in terms of:

- knowledge and understanding (K)
- intellectual / cognitive / 'thinking' skills (I)
- physical skills specific to the subject (P)
- employability skills (E)

The 'K1', etc codes are used in section 7c) and module descriptors to refer to each of these learning outcomes.

On successful completion of the Secondary Physical Education and Sports Development programme students will be able to:

K1 Demonstrate knowledge and understanding of the key issues in Physical Education and their relationship with Sports Development

K2 Demonstrate knowledge and understanding of the historical, social and political economic and cultural context of Sports Development.

K3 Demonstrate knowledge and understanding of the sports development processes from planning to implementation and evaluation.

K4 Demonstrate knowledge and understanding of the performance of physical activity, its enhancement, monitoring and analysis.

K5 Identify the relationship between physical activity and health and apply theoretical understanding to sport and health promoting activities.

K6 Apply theory to the effective delivery of physical activity and Secondary Physical Education and Sports Development.

K7 Evaluate policies, practices and different approaches to solving problems within the context of Secondary Physical Education and Sports Development .

P1 Utilise subject specific skills such as planning, observing, evaluating, organising, teaching, risk assessment and client profiling, in the marketing and delivery of sports activities and Secondary Physical Education.

P2 Design, conduct and evaluate small scale research in Sports Development and/or Physical Education contexts.

I1 Research, describe and analyse information.

I2 Critically assess and evaluate evidence.

I3 Make informed choices in the areas of ethical behaviour, social and environmental responsibility and equal opportunities practice as they apply to the practice of Secondary Physical Education and Sports Development and as areas of academic enquiry

- I4 Develop reasoned arguments and challenge assumptions
- E1 Self-management – ability to manage themselves and their development - readiness to accept responsibility, proactivity, flexibility, resilience, appropriate assertiveness, time management, readiness to improve own performance based on feedback/reflective learning.
- E2 Teamworking – respecting others, co-operating, negotiating/persuading, contributing to discussions, and awareness of interdependence with others.
- E3 Problem solving – analysing facts and situations and applying creative thinking to develop appropriate solutions.
- E4 Communication and literacy – application of literacy, ability to produce clear, structured written work and oral literacy – including listening and questioning.
- E5 Application of numeracy – manipulation of numbers, general mathematical awareness and its application in practical contexts (e.g. measuring, weighing, estimating and applying formulae).
- E6 Application of information technology – basic IT skills, including familiarity with word processing, spreadsheets, file management and use of internet search engines.
- E7 Entrepreneurship/enterprise - broadly, an ability to demonstrate an innovative approach, creativity, collaboration and risk taking. An individual with these attributes can make a huge difference to any business.
- E8 World of work /business/customer awareness – demonstrate an awareness of an industry, sector or business. Understanding the environment in which the business/organisations operate and the need to provide customer satisfaction and build customer loyalty.

See also the generic objectives set out in section 4 below.

Statement of congruence with the relevant published subject benchmark statements
(including appropriate references to the FHEQ and any PSRB requirements)

The learning outcomes are congruent with the QAA subject benchmarks for programmes of study broadly concerned with sport. The Secondary Physical Education and Sports Development degree involves areas typically classified under programmes concerned with sport, particularly in addressing ‘policy, planning, management and delivery of sporting opportunities’. Additionally students are involved in ‘historical, social, political, economic and cultural diffusion, distribution and impact of sport’ and ‘the performance of sport and exercise and its enhancement, monitoring and analysis’. The strong professional focus of the degree enables students to ‘demonstrate a critical appreciation of sports development and facilitation principles in at least one vocational context’.

4. Learning outcomes for subsidiary award(s)

Guidance	
The assessment strategy is designed so that each of	Generic learning outcomes for the award of <u>Certificate of Higher Education</u>:

<p>these outcomes is addressed by more than one module at Level 4.</p>	<p>On successful completion of at least 120 credits, students will have demonstrated an ability to:</p> <ul style="list-style-type: none"> i) interpret and evaluate data appropriate to the discipline; ii) make sound judgements in accordance with basic disciplinary theories and concepts; iii) evaluate the appropriateness of different approaches to solving problems within the discipline; iv) communicate the results of their work coherently; <p>and will have had specific opportunities to display transferable skills relevant to employment related to the discipline.</p>
<p>The assessment strategy is designed so that each of these outcomes is addressed by more than one module over Levels 4 & 5.</p> <p>The assessment strategy is designed so that each of these outcomes is addressed by more than one module over Levels 4, 5 & 6.</p>	<p>Generic learning outcomes for the award of <u>Diploma of Higher Education</u>:</p> <p>On successful completion of at least 240 credits, students will have demonstrated, in addition to the outcomes for a Certificate:</p> <ul style="list-style-type: none"> i) critical understanding of disciplinary principles; ii) application of concepts outside their initial context; iii) use of a range disciplinary techniques; iv) proficient communication of the results of their work; <p>and will have had the opportunity to develop transferable skills relevant to employment related to the discipline including successful completion of at least one professional placement or school based training component.</p> <p>Generic learning outcomes for the award of an <u>Ordinary Degree</u>:</p> <p>On successful completion of at least 300 credits, students will have demonstrated, in addition to the outcomes for a Diploma:</p> <ul style="list-style-type: none"> i) an ability to make flexible use of disciplinary concepts and techniques; ii) critical evaluation of approaches to solving problems in a disciplinary context; iii) an ability to work autonomously within a structured learning experience; iv) effective communication of the results of their work in a variety of forms; <p>and will have had the opportunity to develop transferable skills relevant to employment related to the discipline including successful completion of two professional placements or school-based training placements.</p>

5. Content

Summary of content by theme

(providing a 'vertical' view through the programme)

Secondary Physical Education and Sports Development is a multi-disciplinary single honours degree providing students with the knowledge, skills and practical experiences to work directly within the context of Sports Development or to enable students to pursue further training for a career in secondary Physical Education Teaching. This course covers the major practical and intellectual disciplines evident in both these professions. A number of the modules emphasise the relationship between Sports Development and Physical Education, in particular, Level 4 Youth Sports Development, Level 5 Event Management and at Level 6, Youth Sport and Health.

Social, cultural, political and economic factors influencing young people's physical activity patterns are considered from historical and contemporary perspectives in the core sports development modules and the Sociology of Sport and the option module Sport and Society at level 6.

Theoretical analysis of the context and nature of all components of the Secondary Physical Education curriculum is accompanied by the development of pedagogic knowledge and skills for example; teaching style, communication, assessment, risk assessment; health and safety, lesson planning, and cross-curricular work. Additionally, topics and issues such as inclusion, learning styles, differentiation, equality, gender and leadership are examined.

Sports Development modules include current issues such as government policy, agencies and programmes eg. Youth Sports Trust, gifted and talented programmes, volunteering, social inclusion, partnerships and policy evaluation.

Health issues and young people are examined in core modules in level 5 and in option modules at level 6.

Research skills including data collection, qualitative and quantitative analysis is included in the Level 4 and 5 Research Methods modules. Students learn how to formulate a research proposal and prepare for their Level 6 Dissertation module by conducting a small group research project.

At Level 6, in addition to the independent research module examining Sports Development and/or Physical Education, students critically evaluate leadership issues and programmes in Sports Development and Physical Education for young people and for special populations. Students are able to select additional modules relating to health and/or young people and the wider community.

Ethical discussions are addressed by a number of core modules, e.g. within Level 4 Youth Sports Development, and Level 6 Community Sports Development and Research Project/Dissertation. Risk assessment and health and safety issues are integral to all PE practical and applied sports development modules. There is further opportunity to develop understanding relating to the current education situation in the level 6 option module Contemporary debates in Education.

Students are encouraged to take Governing Body awards and engage with the University Sports Volunteering Programme. Additional work related understanding and experience is enhanced through the through the L4 Placement and the L5 Professional Development and Placement module. The level 6 Professional Learning Through Work option also allows students to develop their understanding and application of theory in a vocational setting.

6. Structure

SECONDARY PHYSICAL EDUCATION AND SPORTS DEVELOPMENT (Single Honours) (SPESDSH)

Duration:	3 years full-time / 6 years part-time
Total credit rating:	360
Course code:	CX63
Award Aim:	BA (Hons) – 360 credits
Subsidiary awards:	Dip HE – 240 credits Cert HE – 120 credits

Level 4

Please refer to the Prospectus for entry requirements.

Core:	Candidates are required to take:		
SHN4142	Research Methods 1	Sem 2	20 Credits
SHN4322	Secondary Physical Education 1	Sem 1	20 Credits
SHN4332	Youth Sport Development	Sem 1	20 Credits
SHN4342	Sport and Exercise Science	Sem 2	20 Credits
SHN4352	Secondary Physical Education 2	Sem 2	20 Credits
LTU4992	Critical Thinking Skills	Sem 1	20 credits

Programme-level Assessment: Level 4 students in AY 2015/16 will study modules worth 120 credits and at the end of the year will also take a Programme Level Assessment (PLA). This takes place over three weeks and brings together the skills and knowledge you have developed across all of the modules studied. The PLA is marked on a Pass/Fail basis and you must achieve a pass in the PLA to pass the first year and progress into Level 5 (also see the section on [Taught Course Academic Regulations](#)).

Level 5

Progression requirements: 120 credits from Level 4

Core:	Candidates are required to take:		
SHN5142	Research Methods 2	Sem 2	20 Credits
SHN5182	Sociology of Sport	Sem 1	20 Credits
SHN5212	Community Health and Fitness	Sem 2	20 Credits
SHN5232	Secondary Physical Education 3	Sem 1	20 Credits
SHN5242	Event Management	Sem 2	20 Credits

and are required to choose 20 credits from:

SHN5152	Professional Development and Placement 2	Sem 1	20 Credits
SHN5162	Volunteering in Sport, Health and Nutrition	Sem 1	20 Credits

Level 6

Progression requirements: 120 credits from Level 4 and 120 credits from Level 5

Core: Candidates are required to take:

SHN6164	Dissertation	Sem 1& 2	40 Credits
SHN6282	Community Sports Development	Sem 2	20 Credits

and are required to choose 60 credits from:

SHN6192	Professional Learning Through Work	Sem 1&2	20 Credits
SHN6202	Physical Activity and Behaviour Change	Sem 2	20 Credits
SHN6232	Youth Sport and Health	Sem 1	20 Credits
SHN6262	Sport and Society	Sem 2	20 Credits
SHN6272	Issues and Leadership in PE	Sem 1	20 Credits
SHN6322	Leisure Management	Sem 2	20 Credits

Candidates are not eligible to take any modules outside of those stipulated above. This applies at all levels of the programme.

7. Learning, teaching and assessment

7a) Statement of the strategy for learning, teaching and assessment for the programme

The levels of the programme will lead students from a focus on knowledge acquisition (Level 4) to its application (Level 5), and culminate in opportunities for analytical synthesis and evaluation in Level 6. The corresponding professional emphases of the programme are information gathering and research (Level 4), application of Secondary Physical Education and Sports Development to projects and cases (Level 5) and strategic planning in Sports Development and critical evaluation of advanced issues in both areas of study (Level 6). The Level Dissertation can be in the area of Sports Development, Physical Education or a combination of both. Ensuring engagement and personalisation of learning will help students develop and achieve their academic potential.

Level 4 has increased contact time for students with tutors to help us get to know the student needs better and develop effective partnerships to support learning. In addition, the use of seminars and tutorials at the Level 4 stage aims to increase staff – student contact. Group work features strongly at Levels 4 and 5, in some modules through seminar preparation and delivery, in others through planning and delivery of practical teaching sessions and events. Increased contact at Level 4 is balanced by an increase in independent learning at Level 6, for example, with the individual Research Project or Dissertation as a core module, and more group and individual professionally related project work.

Experiential learning and group work are recognised as key players in effective learning. Students learn through applied exercises where theories are practised. Students engage in role-play, practical workshops, sports practicals, and applied project work to test their knowledge, understanding, subject specialist, intellectual and employability skills. These lead to reflection and theorising through discussion and written work. The learning is enhanced through established and effective links with external partners, enhancing employability and student satisfaction. The use of professional placements to apply learning is an integral part of the student experience and assists in the personalisation of the programme to meet students aspirations and interests.

Assessment modes are varied but the balance of assessment favours coursework. Knowledge and understanding is assessed through essays, examinations, coursework files, oral presentations and project work. As students progress from Levels 4 to 6 assignments increasingly demand reflection, critical analysis, synthesis and problem solving. Professionally-related skills are assessed through, for example, simulated Sports Development meetings/presentations, lesson planning, reflective record of teaching and/or activity/health training, Sports Development and health campaigns, case studies and the professional placements. The varied nature of assessments reflects both the needs of the students and develops skills valued by employers.

7b) Module details

Module number and name <i>Include both as shown below</i>	Learning and teaching methods These must be easily classifiable into the three KIS categories of Scheduled learning and teaching activities, Guided independent study and Placement / study abroad.	Assessment				Teaching staff (Module co-ordinator shown as first name, in bold script)	Venue (if not College premises)
		Component form Each must be easily classifiable into one of the three KIS categories of Written exams, Coursework and Practical exams.	Magnitude (eg. 2,000 words or 2 hours)	Weighting and/or Pass/Fail	Timing (Semester & indicative teaching week)		
SHN4142 Research Methods 1	Lectures, seminars. IT	Portfolio Directed Activities	4,000 words equiv Pass=100% of 10% Fail=0%	90% 10%	End Semester 2 Sem 2	Rachael McDonald	
SHN4272 Critical Thinking	Lectures, debates, workshops	Online plagiarism test and essay Negotiated assessment Directed activities	1,500 words 2,000 words or 10 minutes Pass = 100% of 10%. Fail = 0%	45% 45% 10%	Mid Semester 1 End Semester 1	Various	
SHN4322 Secondary Physical Education 1	Lectures, practical, peer teaching, guided independent study	Planning File Practical Directed Activities	4000 word equivalent Pass=100% of 10% Fail=0%	90% Pass/Fail 10%	Throughout Sem 1 End Sem 1	Kirstie Grace	
SHN4332 Youth Sport Development	Lectures, seminars/groupwork, practical activities, guided independent study	Exam Oral presentation	1.5 hours 10 mins	50% 50%	End Sem 1 Mid Sem 1	Joanna McDonald	
SHN4342 Sport and Exercise Sciences	Lectures, practical workshops/seminars, guided independent study	2 short tests Exam	30 mins each 2 hours	20% 80%	Throughout semester End Sem 2	Rachael McDonald	
SHN4352 Secondary Physical Education 2	Lectures, practicals, , guided independent study	Planning File Essay Practical	2500 word equivalent 1500 words	60% 40% Pass/Fail	End Sem 2 End Sem 2 End Sem 2	Kirstie Grace	

Module number and name <i>Include both as shown below</i>	Learning and teaching methods These must be easily classifiable into the three KIS categories of Scheduled learning and teaching activities, Guided independent study and Placement / study abroad.	Assessment				Teaching staff (Module co-ordinator shown as first name, in bold script)	Venue (if not College premises)
		Component form Each must be easily classifiable into one of the three KIS categories of Written exams, Coursework and Practical exams.	Magnitude (eg. 2,000 words or 2 hours)	Weighting and/or Pass/Fail	Timing (Semester & indicative teaching week)		
SHN5152 Professional Development and Placement 2	Lectures, tutorials, placement, Guided independent study	Placement portfolio Practical Placement	4,000 words	100% Pass/Fail	1 week after placement During placement	Catherine Rowlands	
SHN5162 Volunteering in SHN	Lectures, tutorials, volunteering	Volunteering Portfolio Practical Performance	4000 words	100% Pass/Fail	ongoing During placement	John Perry	
SHN5182 Sociology of Sport	Lecture; Seminar; Guided independent study	Portfolio	4000 words (equivalent)	100%	End Sem1 End Sem 1	Phil McDonald	
SHN5232 Secondary Physical Education 3	Lectures, practicals, guided independent study	Learning File Practical	4000 word equivalent	100% Pass/Fail	End Sem 1 End Sem 1	Sue Rushton	
SHN 5142 Research Methods 2	Lectures, seminars	Portfolio	4000 words	100%	Throughout Sem 2	Tim Bennett	
SHN5242 Event Management	Lectures, workshops, practicals, tutorials, event delivery, guided independent study	Group oral presentation Written report	1 hour (10 mins each) 2000 words	50% 50%	Mid Sem 2 End Sem 2	Catherine Rowlands	
SHN5212 Community Health and Fitness	Lectures, practicals, guided independent study	Practical Assignment	30 minutes 3000 words	40% 60%	End Sem 2 End Sem 2	Nicola Eccles	
SHN6272 Issues and Leadership in PE	Lectures, workshops, practical, guided independent study	Self evaluation Case study evaluation	1500 words 2500 words	40% 60%	Mid Sem 1 End Sem 1	Sue Rushton	
SHN6232 Youth Sport and Health	Lectures, seminars/groupwork, guided independent study	Coursework Project report	2000 words 2000 words	50% 50%	End Sem 1 End Sem 1	Philip McDonald Nina Quinlan	

Module number and name <i>Include both as shown below</i>	Learning and teaching methods These must be easily classifiable into the three KIS categories of Scheduled learning and teaching activities, Guided independent study and Placement / study abroad.	Assessment				Teaching staff (Module co-ordinator shown as first name, in bold script)	Venue (if not College premises)
		Component form Each must be easily classifiable into one of the three KIS categories of Written exams, Coursework and Practical exams.	Magnitude (eg. 2,000 words or 2 hours)	Weighting and/or Pass/Fail	Timing (Semester & indicative teaching week)		
SHN6282 Community Sports Development	Lectures, workshops, practicals, tutorials, guided independent study	Report Contribution to group meeting	2000 words 10 mins	50% 50%	End Sem 2 Mid Sem 2	Catherine Rowlands	
SHN6262 Sport and Society	Lectures, workshops, guided independent study	Essay	4000 words	100%	End Sem 2	Paul Salisbury	
SHN6202 Physical Activity and Behaviour Change	Lectures, Small group work/ seminars, guided independent study	Assignment Individual case study Group case study	2000 words 1500 words 1000 words	50% 30% 20%	End Sem 2 End Sem 2 End Sem 2	Nicola Eccles	
SHN6322 Leisure Management	Lectures, seminars, tutorials, guided independent study	Assessed essay	4000 words	100%	End Sem 2	Ian Kenvyn	
SHN6152 Research Project	Lectures, tutorials	Research Proposal Research Report	1,000 words 6,000 words	20% 80%	End Semester 1 End Semester 2	Phil McDonald	
SHN6164 Dissertation	Lectures, tutorials	Research Proposal Written Dissertation Oral Presentation	1,000 words 10,000 words 20 minutes	Pass/Fail 80% 20%	Mid Semester 1 End Semester 2 End Semester 2	Ian Kenvyn	
SHN6192 Professional Learning through Work	Lecture, review seminars, online support, tutorials	Project and Negotiation Project report and Reflections Oral Presentation	1,000 words equiv 4,000 words 15 minutes	Pass/Fail 75% 25%	Mid Semester 1 End Semester 2 End Semester 2	Ian Kenvyn

8. Entry requirements

A strong rationale must be provided for any deviation from the following norms:

Honours degree programmes

Applicants should normally have achieved the following prior to registration for the programme:
5 academic or vocational qualifications, of which at least 2 should be GCE or VCE 'A' levels (or equivalent at level 3) and two should be GCSE English Language and mathematics at grade C (or equivalent).

Some equivalent qualifications and the current typical offer conditions in terms of UCAS Tariff points are detailed in the undergraduate prospectus. For students whose first language is not English a pass in an approved test in English is needed, eg. the International English Language Testing Service (IELTS) and the Test of English as a Foreign Language (TOEFL).

Other non-certificated requirements...

Applications are welcome from those with few or no formal qualifications. Any previous relevant work experience and learning will be assessed and, where appropriate, accredited as part of the application process. Please see the College's Assessment of Prior Learning (APL) procedures.

9. Progression, classification and award requirements

Details of requirements for student progression between levels and receipt of the award(s)

(A certain level of attainment which must be achieved in a specific module; any deviation from the standard College stipulations for award classification, eg. exclusion of Level 4 module marks from Foundation Degree classification)

Specify clearly whether any requirement applies to the final award only or to any subsidiary award(s) as well.

See regulations for Leeds Trinity University awards.

10. Prerequisites

Details of modules which must be passed before enrolment on a module at a higher level

Include the rationale which justifies imposition of the prerequisite(s) and the mark/grade required.

11. External examining arrangements

External examining arrangements

(eg. joint with another programme – extended duties for someone already in post – or separate, single/multiple examiners; if multiple examiners, which subjects / types of module are to be allocated to each)

There is a new external examiner for this programme via the Sport, Health and Nutrition arrangements for undergraduate provision.

12. Additional information

Details regarding arrangements in respect of any special features of the programme/scheme, (eg. study abroad, a field course, specific work placement, opportunities for onward progression from foundation degrees)

Students are expected to attend 100% in all modules. Attendance that falls below 75% in the PE modules will fail and students will be required to re-sit each module at the discretion of the Head of Department. Students are required to submit 75% or greater of directed tasks to gain 10% of marks for the module in all modules at L4 where directed tasks are included as part of the assessment. Less than 75% results in a mark of 0 for the directed task component of the assessment for that module.

13. Additional support needs

Arrangements made to accommodate students with additional support needs and any unavoidable restrictions on their participation in the programme/scheme

(Key aspects of the Equality Impact Assessment for the Department – see Internal Audit Form NP2G for further details)

SHN follow the existing Leeds Trinity University arrangements for those with disabilities and learning support needs. SHN will consider all applications requiring support on an individual basis.
