

AY 2011/12 Programme Structure

MA Education - for study 2010/11 onwards

Duration: Normally 3 years, and up to 5 years, part-time
Total credit rating: 180

Entry requirements:

Applicant Requirements

Applicants should normally have a relevant UK honours degree, or equivalent.

Student Profile

Most students on the programme will be trained teachers with Qualified Teacher Status (QTS).

Students will need to be able to undertake activities in their work-context that support their learning and assessed work, such as gathering information from parents, work colleagues and colleagues from external agencies who work in partnership with their setting, and implementing and evaluating new approaches to their own practices.

To succeed on the programme students need to be willing and able to undertake independently-directed study, including using the learning centre resources such as electronic databases to search for materials and a range of media. They also need to be able to use a range of resources to help them develop their academic skills.

Peer learning in face to face taught-sessions and in small tutorial groups is an integral part of the learning experience so it essential that students are willing to participate in collaborative learning as well as individual study.

Students need to be able to use basic ICT facilities, e.g. Word, PowerPoint, internet, email, blogs and wikis to participate in learning and assessment activities. Students will need access to a computer and the internet.

AP(E)L and APCL

Credit may be claimed for prior certificated and/or experiential learning that can be matched to the learning outcomes of specific modules, except SEDM1153 Developing Practitioner Enquiry and SEDM1136 Dissertation.
